

G2565

SMART WALK-BEHIND SINGLE-BRUSH FLOOR SCRUBBER

Working Hours
3-5h

ACCESSORIES

Nylon Brush

Note:

- Soft Brush: Suitable for cleaning smooth floors and polishing applications.
- Nylon Brush: Standard option for routine floor cleaning.
- Hard Brush: Designed for removing stubborn dirt from hard floor surfaces.
- Pad Holder / Needle Holder: Used with scouring pads to minimize floor wear. Pad selection should be based on floor condition; darker pads generally provide higher friction.

Scrubber Needle Tray

Pad Applications:

- White Pad: For routine cleaning and polishing on marble and other smooth floors.
- Red Pad: For general-purpose floor cleaning.
- Black Pad: For removing stubborn stains from hard floors.

WATER-ABSORBING SQUEEGEE

Polyurethane Material

Note:

Polyurethane (PU) rubber strips offer excellent wear and oil resistance, making them suitable for oily environments. However, they have limited cut and tear resistance and may not be ideal for certain square brick or tile surfaces.

Rubber Material

SPECIFICATION

Efficiency	5200 m ² /hour
Purging Tank	120 L
Slop Tank	120 L
Wiper Width	1060 mm
Washing Width	810 mm
Operating Voltage	24V
Brush Motor Power	2 x 380W
Suction Motor Power	500W
Brush Disc Diameter	ø410 mm
Dial Diameter	ø410 mm
Brush Speed	180 - 200 RPM
Brush Pressure	45 kg
Suction	15 Kpa
Working Noise	<70 dB(A)
Battery Compartment Size	450 x 450 x 298 mm
Standard Battery Capacity	4 x 6V 200Ah
Continuous Working Hours	3-5 hour
Overall Size	1415 x 865 x 1120 mm
Weight	320 kg

G2565 SMART WALK-BEHIND SINGLE-BRUSH FLOOR SCRUBBER

Flip-Cover Recovery Tank

Tool-free design for easy removal, cleaning, and maintenance

Debris Filter

Filters wastewater and debris. Stops intake when full

Water Filling Port with Level Level

Provides a clear view of the clean water level and allows convenient refilling

Drain Port

Enables quick wastewater discharge and supports easy handling

Control Panel

Integrated waterproof control panel designed for simple and efficient operation

Charging Port

External charging port for convenient and accessible charging

Water Pickup Squeegee

Wear-resistant C-shaped rubber squeegee for residue-free water recovery

Brush Plate

Brush plate or pad driver can be replaced quickly and efficiently
